● Profile

PMP-certified architect registered with the Saudi Council of Engineers, with three years across Saudi Arabia and Egypt in technical office work, site supervision, shop drawings, and fit-out and finishing. Alongside architecture, I produce visual marketing content: product ad videos, restaurant films, ad and social designs for food and drink brands, and 3D presentation films. The engineering background keeps the visual work precise, and the content work helps me present projects clearly to clients.

● Architecture experience

Architect, Technical Office

Current

Jida Project · Al-Ahsa, Saudi Arabia

- Review and approve material submittals, and check and clear architectural shop drawings so site works continue without clashes between trades.

Architect & Site Supervisor

From Apr 2025

Fanar International Arabian Company · Eastern Province, Saudi Arabia

- Fatmah Al-Rashed Park, Al-Ahsa** (Completed): led full site supervision so landscape and structural elements met the client's standards and design intent.
- Al-Jabr School for Down Syndrome, Al-Ahsa** (Completed): design changes with custom doors and strict RAL colour specifications for the facility's needs.
- Tilal Qamra Safwa & Mosque, Dammam**: main architectural point of contact; produced and reviewed shop drawings for 6 villa types and the mosque.

Architect & Finishing Engineer

Sep 2023 – Nov 2024

Swilam Construction Company · Egypt

- Managed interior fit-out and finishing works for residential and commercial projects, and built 3D models for client design approvals.

● Visual content & marketing

Product ads & brand film

Serah Candela

- Shot and produced publish-ready vertical ads for a handmade luxury candle brand, a two-part scented candle campaign, and a 16:9 brand film covering the range.

Ad & social design

Food & drink brands

- Dunkin'**: Arabic opening posters for two new branches. **Subway Arabia**: Spicy Chicken Melt launch and cookies content. **Kofa**, **½M**, **Meat Moot**: product ads and a padel-themed drink visual.

Restaurant, 3D & real-estate films

Video

- Close-up restaurant tasting film; fully 3D presentation film for an ancient Egyptian themed metro station; periodic construction progress film for a villa compound.

● Selected design work

Metro station architecture and interiors (renders, top view, walkthrough). Residential interiors: majlis, master bedrooms, kids' rooms, kitchens, bathrooms. Facades: a corner residential building, a modern villa and two concept buildings.
